FY 1999 Major Eligibility Categories of the Kansas Medical Assistance Program Kansas Department of Social and Rehabilitation Services

9/14/1999

			9/14/1999			
Temporary Assistance to Families	(TAF)	Medically Needy - TAF Familie	S			
Anyone receiving TAF is automatically given a Medical card. Familes average well under 12 months on TAF, particularly two parent ones. The FY 99 maximum grant in most cases was only \$403 per month. This amount is reduced for earnings, unemployment comp, or other income. Nearly half of all medical expenditures involve childbirth/newborn care.		If a family meets all the criteria for being on TAF but their income is too great, they may still receive a Medical card. All income above \$480 (family of three) must have been devoted to medical expenses. If				
				, , ,	there are expenses beyond this, Title XIX will pay them - if they are a	
				covered service. If their monthly income is below \$480 there is no		
		requirement that they pay toward a covered service. The \$480 is				
				known as the Protected Income Level (PIL). The incom		
				this that they must first devote to medical expenses is	known as the	
				"spend-down" amount.
